STATEMENTS

STATEMENT ON ANNUAL REPORT BY THE LAIKIPIA COUNTY DEVELOPMENT AUTHORITY BOARD.

Hon. Chris Mark: Thank you, Mr. Speaker. I would like more time to go through statement I had requested from the finance committee and I would like to register that I am satisfied with the question that I had asked. I would like to say that in future it is good that the departments which are concerned with the relevant information being brought like an MOU, if it is infrastructure let that committee be fully involved so that they at least know which kind of MOU the county has entered into with the relevant institution or organization. I saw one where it had entered with the National Housing Cooperation.

I saw one where they said there was advertisement on land banking and that is very sensitive. The issue of land in Laikipia is very emotive and must be put above board. There is the fiscal aspect which should fall under finance and there is physical aspect which I highly suspect falls under the committee chaired by the Hon. Member from Ngobit. For example, the land banking involved a lot of land in Segera where you talk of Zeits foundation having been incorporated in that. We talk even centum consortium being involved in such sensitive land issues. The aim of the land banking is to look for absentee land lords. When you talk of absentee landlords that is where the land as it finds its way back to the public it may get lost. Apart from that, the question I had asked has been answered as requested. Thank you.

ADJOURNEMENT
