Mheshimiwa Spika, mswada tulio nao siku ya leo unahusu mambo ya usafi katika Kaunti yetu. Ninaposema Kaunti yetu, ni Laikipia nzima ikiwemo mitaa iliyo nje ya miji mikubwa kwa mfano, Nanyuki. Kuna wale ambao wameuzingira huu mtaa, kwa mfano Tigithi, Umande, Thingithu upande ule wa chini, na Segera. Sisi wote hutembelea mji huu kama mji mkuu wa Kaunti yetu ya Laikipia upande wa mashariki.

Kwa hivyo, tunaomba serikali yetu ya Kaunti ihakikishe kwamba uchafu umeondolewa. Ninaposema tunafaa kuungana sisi wote, nasema hivyo kwa sababu wadi ya Tigithi iko karibu. Nataka Mheshimiwa kutoka Tigithi aelewe mambo ya takataka katika mji huu kwa sababu huwa anatembea, ili baada ya kusoma huu mswada yeye auafiki. Ndio maana nasema sisi sote tuko ndani katika kuhakikisha kuwa mji wetu ni safi.

Mheshimiwa Spika, leo ukitembea kwenye mji wetu utapata kuwa kuna taka nyingi sana iliyotapakaa kila mahali. Ukiingia kwenye mtaa wa Majengo utapata taka. Ukienda sokoni, lazima kuna taka inayotokana na vyakula vyote vinavyonunuliwa na kuliwa hapo. Mahali popote binadamu anakaa lazima pawe na taka, na huo uchafu ni mwingi tukilinganisha na ukubwa wa soko tuliyo nayo katika mji wetu wa Nanyuki. Wakati mwingine ukienda pale kwenye lango kuu, unapata uchafu umetapakaa na nzi na panya wako pale.

Ni jukumu ya Serikali ya Kaunti kupitia manispaa kuokota taka zote na kuziweka mahali zinafaa kupelekwa. Siku ya leo tunataka wahusika wakuu wa kusafisha miji yetu ambayo ni minne, Nanyuki, Rumuruti, Nyahururu na Doldol. Pia Ndidika, Matanya Centre ambayo inafaa kuwa na hizi Huduma. Pia Umande na Kalalu ambapo kuna biashara zinafanyika na watu ni wengi. Vile vile, tunataka serikali idumishe usafi. Biblia husema usafi hukaribia Mungu. Kumaanisha tukiwa na uchafu mungu hawezi tukaribia.

Tunaomba serikali ya Kaunti maana ndiyo imepewa jukumu kupitia idara ya Maji na usafi wahakikishe hizo taka zote zimeokotwa. Ukienda majengo karibu na msikiti utakuta zile pipa za taka zimejaa pale. Ziliundwa na kukaa hapo. Nimezipita hapo kumaanisha hazifanyishwi kazi na kuna mahali zinahitajika. Kama eneo la soko tunahitaji kama tano.

Disclaimer: *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor*

Hatuna. Tuwe na mpango wa kuwa na zile pipa za taka hata kama ni zile kidogo katika mitaa ndio miji iwe safi.

Pia tuwe na mikakati ya kisheria ya vile utaweka zile taka. Ukienda maeneo mengine unapata watu hutoa uchafu na kuweka kwa barabara kwamba Kaunti itakuja kuokota. Ni jukumu la mwenye ploti kuhakikisha yuko na pipa la taka na taka zake zinawekwa vizuri na pia jukumu la serikali ya Kaunti kuja na kuokota ule uchafu kwa muda ambao unafaa.

Bwana Spika, wakati mwingine uongozi unakosa mwelekeo. Muthaiga wanaenda Jumatano. Watu wanatoa taka na kuweka kwa barabara kama ilivyo kawaida. Unapata wale wanaishi zile nyumba ni wanabiashara. Wao huacha uchafu nje na kuenda. Serikali ya Kaunti isipokuja kuchukua kuna wanyama wako huko, ndege na mbwa za kuzurura. Unakuta wamechukua zile taka na kutapakaa kila mahali. Yule mwananchi anapokuja nyumbani anapata uchafu imetapakaa kila mahali. Hizo ndizo mambo tunasema serikali ifuatilie na ihakikishe hatutapata mambo kama yale.

Bwana Spika, pia tunaomba tuwe na kikosi cha kushurutisha sheria cha vijana. Kuna pesa ambazo wananchi hulipia. Tuwe na vijana ambao watakuwa na sare rasmi wakizunguka kuhakikisha hakuna mtu anatupa taka ovyo ovyo. Ukipatikana unachukuliwa hatua. Kama taka yako ni mingi kwamba huwezi ngoja ile siku Kaunti watakuja kuokota ipeleke mwenyewe katika *Sewerage.*

Vilevile tunataka serikali iwe na uhusiano mwema na watu ambao wako na ujuzi. Kuna zile taka ambazo zinaweza tumiwa upya. Zichukuliwe zifanyiwe kazi na ziweze kutumika. Kuna mtu mmoja alikuwa anafanya hii kazi ambaye ni *Mukorino.* Alifanya hii kazi mzuri lakini aliaga. Alikuwa anafanya kazi ya kutengeneza *Cabros* kutumia hizi taka na zilikuwa safi kabisa. Wenye walizitumia zilikuwa na rangi zote, majani, nyeusi kijani kibisha na zote zilikuwa kazi ya kuunda upya zile taka.

Serikali ije na mikakati ya kusaidia wale vijana ambao hawana kazi wapelekwe mafunzo kidogo wafunzwe kufanya upya zile taka na waweze kupata pesa. Pia kuwe na mikakati ndio watu wafahamishwe kwamba usafi ni kitu cha maana na usafi itaweza kuweka miji yetu ikiwa safi.

Wale ambao wako na watoto unapata wanatupa *diapers* ovyoovyo. Ukienda Njogu-ini unapata ziko hata kwa kichaka. Tunaharibu mazingira. Hayo ni mambo ningetaka yafuatiliwe ndio miji yetu iwe safi. Pia kuwaelimisha vijana wadogo umuhimu wa usafi. Nikiwa shule tulikuwa na mwalimu ambaye alikuwa anaitwa Bwana Gichinga. Ule wakati tulikuwa tunachapwa sio kama wakati huu. Bwana Gichinga angeingia kwa darasa alikuwa anatuliza, *What is dirt? Dirt is something at the wrong place.* Kama iko kitu iko hapo na haifai kuwa hapo ulikuwa unawekelewa kiboko unashika laini.

Wale wanatuma taka ovyo ovyo tukiwa na hiki kitengo cha lainisha watalainisha. Ukiweka vibaya unachukuliwa hatua na kupigwa faini ambayo inafaa. Naomba serikali ya kaunti iwe na sheria ya kuchukulia hatua wale wanatupa taka na wenye nyumba ambao hawashughuliki na taka ambazo zinatoka katika ploti zao. Nauliza wajumbe tuungane na tupitishe huu mswada. Mimi mwenyewe nitaufuatilia tukiwa na viongozi wa manispaa ya Nyahururu na Nanyuki na pia Rumuruti.

Bwana Spika, Namwomba Mheshimiwa wa Tigithi aunge mkono huu mswada akielewa ya kwamba wale watu wanatoka Matanya wanakuja bila kitu, wanatumia kisha kutuwachia takataka. Naomba aseme hio taka inapowachwa, wale wako hapa wanaichukua na kuweka. Huwezi ambia mtu ambaye ametoka Umande akija hapa akifanya kazi yake kisha

Disclaimer: *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor*

anabeba takataka yake anarudi nayo huko. Ni jukumu ya wale wako hapa kuokota na kuhakikisha miji yetu iko sawa. Asante.

Hon. Nicholas Mwaniki: Thank you, Mr. Speaker. I rise to support this motion on garbage collection and management in our towns. Before I make my contribution, I would like to correct Hon. Stephen on matters concerning the people of Tigithi. These are the residents that contribute almost a 100% towards the economy of this town. When they come out from Matanya their pockets are full of cash and so they come to this town to spend and have a good time. I think you should apologize to them because they drive the economy of this town.

On matters of garbage collection, the people who come all over from Mukogodo east and West even our neighbours from Nyeri and Nairobi, they do visit our town. What is left even if they provide towards the economy of the town and the growth of this town, a lot of garbage is left in this town.

Having a budget that supports this in Laikipia County, that is a question that should be answered and is a place where we should put our foot down as an Assembly. Having a budget which is not being expedited well towards garbage collection and management, still is a question that should be answered by the department.

As of today, when we roam this town, we should understand that we have got staff whom we had employed previously and it is quite a number of staff who even if you look at them, you would not understand at all whether they are staff of Laikipia County Government or people who have just volunteered towards cleanliness of this town. I don't even think they have uniforms of which that uniform was supposed to be purchased in the first year and up to date, they don't have the dust coats, the overalls, the gloves and the gumboots. These are the people we are saying that they are supposed to deal with our dirt using their bare hands, their clothes and shoes whereas the County Government should provide towards the welfare of their tools.

Tools like slashers and the wheelbarrows should also be provided for, of which I don't think that they have the right tools for this service. It is not just about payment of salaries at the end of every month but tools should be provided for so that they can be able to provide proper services in our vicinities.

Mr. Speaker, there is no way you will tell me that a person who has been employed by the Laikipia County Government for garbage collection and management with his bare hands is able to collect used diapers. That is uncouth and uncalled for and this is where we should put our foot and address this issue the way it is supposed to be addressed.

If at all you would visit Matanya Town, it is a growing town. The expansion rate of that town is beyond management. The population numbers that are residing in that town are growing to threefold per year. Having those residents there, and as you know, we should be able to fill this world as the bible says, then garbage collection and pampers management is key. In such towns, there are no containers for garbage collection and have never been seen. If at all we see something like that, we would think that it is a trailer to carry cabbages from the farms to Nanyuki Town because it has never been seen.

We would even need a training so that we can be able to handle that container. The waste materials that should be collected weekly are pampers and liquor bottles. The Municipal Manager is the one who has been left in the office because it is the time we are recruiting them. I have engaged him and the first statement he told me is that trucks do not have fuel whereas we have a budget to do that. Therefore, by so saying, is it that the garbage will never be

Disclaimer: *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor*

collected because we do not have fuel? Where can we get funding and yet we had money that was budgeted for that?

So, a person who has been allocated that duty telling me that there is no fuel, it is something that as an Assembly we should look at because we have got a CECM and a CO in that department who were employed towards delivering such services. We as an Assembly should put our foot down on this issue because if at all we don't collect garbage in Nanyuki Town, it would be unmanageable, uninhabitable and there will be no livelihood all over. We would be filling the referral hospital with sick people because of contamination from uncollected garbage. Therefore, I would urge this House to rise and pin the right people down because we have a budget towards this. Thank you.

(Question proposed)

Deputy Speaker: The floor is open for debate.

Hon. Daniel Mugweru: Thank you, Hon. Speaker. I wish to support the motion as I also make my contribution towards the same. I also wish to thank the Hon. Member for coming up with a motion regarding cleanliness and especially in this town because it is a town I know most. Of late, we have been having stalled garbage almost in every corner of the town.

Hon. Speaker, you may hate somebody but the truth needs to be told. There is a time in this town when had a lady who was very huge, over 120kgs and I don't want to describe her much but she was very effective in this town. Garbage was being collected effectively. I don't know whether it is because of political issues but she is no longer here. From there, we got other people who are very careless.

Hon. Speaker, it is very unfortunate that we already have somebody who is in charge of environment in this county and at the same time in the major towns we already have municipalities. We have a person in charge of environment and at the same time we have municipal managers. I keep wondering, if today you are a municipal manager and you cannot collect garbage, what else can you do for us?

So, these are the questions we need to ask ourselves. Now we are discussing about garbage but what about other major issues affecting our towns and hope is on those people who are not eve able to collect garbage. I don't want to say much about the major towns but the mover of the motion should at least draft a motion that is not selective because when we say major towns, this motion will only assist issues to do with major towns because it is specifically written major towns. Major towns probably are three or four in this county.

Hon. Speaker, the county is collecting garbage even in small towns along the shopping centres and therefore in future, the motion should not be selective on only major towns but should say major towns, the small towns and shopping centres.

Today, if you go to a place like Kalalu, Mwireri, Matanya, Mirera, Baraka, or Juakali shopping centres, there is a lot of garbage there. The person in charge of environment is also in charge of those shopping centres. If in town where the leadership is there is garbage, automatically what do you expect in Matanya or Umande? Few weeks ago, we had garbage towards the gate of the County Commissioner. If they can have garbage stalled there for a week at the County Commissioner's entry, what about the shopping centres that are in this county.

Hon. Speaker, if you go to a street that has a flow of people like that of Achiral Chemist, just next to Achiral Chemist, there is garbage almost every time. If you go behind Quickmart, the street that goes towards Matanya Stage, there is always garbage that is stored there. Hon.

Disclaimer: *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor*

Speaker, I am not praising that lady but, in those days, there was a drainage blocked at blue gum and not in town. The town was very clean.

Garbage was not a topic but we were talking about blocked drainages in Blue gum during those years. We need to ask ourselves, if a woman was able to do, why should a man not do better than what was done those years. Hon. Speaker, it is very serious and all these Hon. Members who are here are representatives of people in their respective wards and shopping centres around them. We need to work very hard.

The lorry that is said does not have wheels, if it does not have wheels to move around Nanyuki Town, yet it is expected to go to Juakali and Umande, what do you expect? Hon. Speaker, we need to take this with a lot of seriousness. I like the way the mover of the motion has just said clearly that; immediately this motion goes through in this House, he is personally going to follow to make sure that everything is made straight.

That is how a mover of the motion should always be because you are the carrier of that vision. When you carry the vision, you should carry it to the end Hon. Speaker. I like the way he has said because I know probably immediately after this motion, we are going to include the shopping centres and he will be able to work together with the Members from different wards to make sure that this thing is implemented.

Hon. Speaker, there is the last point number 5 about; *establishing a policy to designate a day for all residents in the county to carry out garbage collection in our county*. Hon. Speaker, this sounds funny but it is also a good thing. It should not come from the government but it should come from the social groups. We do not need to have a policy and set a day. You are not supposed to collect garbage because there is a day set for that. We should not make it like a country's issue of planting trees.

You will see somebody seated down the whole year only waiting for the day that the government has designated to plant a tree. When we go to this, it is a responsibility. Before anything, the motion says that it is a function of the County Government. The County Government should take responsibility. Social groups and the community itself are a responsibility everyday even if it is a responsibility of the government.

It is very embarrassing that you wake up every morning, you have a business and just at your door step, there is garbage there. We need to get places where we are supposed to burn that garbage so that it becomes a responsibility. The citizens are very irresponsible. You will find a citizen having work and you can follow all the vehicles around this town. If you can stay a day following vehicles, you will see a very irresponsible person smartly dressed but, in the vehicle, they are throwing garbage outside yet you expect the government to be collecting garbage all over.

You will find someone in the estates and in the House does not have a dustbin. They just put the garbage in a polythene paper, throw it from the walls and maybe the lorry that collects garbage has just passed and collected everything only to find someone else who has not collected his throwing polythene paper outside the wall. Hon. Speaker, even the citizen should be responsible so that the county may be clean. Thank you, Hon. Speaker, I support.

Deputy Speaker: I now call upon the mover to reply.

Hon. Stephen Ndiritu: Asante, Mheshimiwa Spika. Ningetaka kushukuru wale ambao wameunga mkono huu mswada. Ninafikiri kwamba Waheshimiwa wote wameona umuhimu wa kuwa na huu mswada muhimu kwa sababu mazingira ni ya maana. Mazingira ni lazima yachungwe Bwana Spika. Ninachukua hii nafasi kuomba msamaha kama nilisema mambo

Disclaimer: *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor*

mabaya kuhusu wale ambao wanatoka Matanya Kuingia huu upande. Kama nilisema na sijajua, ninaomba msamaha.

Sisi wote ni watu wa Laikipia na Laikipia ni yetu kutoka Matanya kuenda Wangwachi, Salama, Igwamiti mpaka Makurian na ni lazima tuchunge Kaunti yetu. Bwana Spika, vilevile ningetaka kuomba msamaha mheshimiwa kutoka Umande kwa sababu katika huu mswada hatukuweka miji ijayo na vituo vya ununuzi. Ninafikiria hii ilikuwa ni hitilafu ya uandishi kwa sababu mwisho wa hii karatasi kuna majina ambayo yalifaa kuendelea.

Tutaenda kuongeza kwa sababu ni kosa la kompyuta na tutahakikisha limeingia hapa ili tutafute usafi kwa kila sehemu. Huo uchafu utaokotwa na mambo yatakuwa mazuri. Bwana Spika, kuna hii siku ambayo tulitenga ambayo ni ya kuokota taka. Hatumaanishi katika huu mswada tuwe tunangoja mwaka mmoja ili tutengeneze siku ya kuokota taka. Tunaweza kusema Wadi ya Umande waweke Jumatano kuwa ni wakati wa kuokota takataka mapema. Ikifikia saa moja wawe wameokota takataka zote ili kila mtu aweze kujua umuhimu wa usafi.

Watoto wanaoenda shule watakuta ya kwamba leo Kijiji chote wametokea na wamesafisha hiyo eneo ili Serikali ya Kaunti iweze kuchukua hiyo taka. Bwana Spika, huo ni mfano tu. Saa hii mama akizaa mtoto ni lazima huyo mtoto afundishwe kunyonya. Anapofundishwa kunyonya, hawezi patiwa matiti yote. Anapatiwa kidogo anaponyonya mpaka anazoea. Wakati mwingine ananyonya peke yake.

Bwana Spika, ndio maana ninasema huu mswada ni wa kujaribu kuonyesha…

Deputy Speaker: Hon. Gatati, you are not new in this House and you know our Standing Orders very well. When the mover is replying, he is supposed to be protected at all cost. Kindly, sit down. Continue Hon. Stephen…

Hon. Mugambi Gatati: Hon. Speaker, even the Bible is interpreted differently…

Deputy Speaker: Hon. Mugambi, you are out of order.

Hon. Mugambi Gatati: You cannot talk things using absurd language.

Deputy Speaker: Hon. Mugambi, you are out of order.

Hon. Stephen Ndiritu: Thank you, Hon. Speaker for protecting me. Bwana Spika, mimi ninaendelea na mswada ambao ni muhimu na ambao umeguza watu wa Wadi ya Salama. Salama hakuna *Sewage* na tunataka *dumping site* ya kupeleka hiyo taka. Sasa ni kufundishana. Wakati nilikuwa mdogo, nilikuwa ninaambiwa na nyanya yangu. Tuchukue usafi katika kila sehemu na kila mtu aweze kushika. Nilikuwa ninaambiwa na nyanya yangu kwamba kijana akiwa mdogo, kwa sababu walikuwa wanajua atakuwa mkubwa, anapatiwa shangazi yake ili afundishwe vile atafanya akiwa mkubwa.

Sisi tunataka kuchukua wale wengine ambao hawajui ili wakikuwa wakubwa wajue namna ya kuweka usafi. Wachukue kama mfano kwamba kijana alikuwa anachukuliwa na shangazi yake kufunzwa ili anapokuwa mkubwa anajipeleka peke yake. Bwana Spika, kwa hayo machache ninaunga mkono huu mswada na nitaufuatilia kutoka hapa mpaka manispaa. Nitawaita kwa simu na nitazungumza na wao kuhusu mswada. Mimi mwenyewe itabidi nitembee Rumuruti, Nyahururu ili nihakikishe ya kwamba usafi umedumishwa katika Kaunti yetu.

Vituo vya ununuzi ambazo zinaenea kama Matanya, Umande, Salama na Pesi, tutahakikisha usafi umedumishwa. Mimi mwenyewe nitachukua jukumu kama vile Mheshimiwa Mugweru amesema. Kama wewe ni mtoa hoja wa hoja yeyote, ibebe hiyo hoja.

Disclaimer: *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor*

Sasa hii nitaibeba na ukiona uchafu katika Kaunti ya Laikipia niite ili nishuhudie na nihakikishe ya kwamba hiyo takataka imeondolewa.

Ninaomba kwa maana sisi wote tuko hapa kusaidiana, hili Bunge linisaidie na mafuta ya kutembea hizo sehemu zote kuangalia kama kuna uchafu. Ukiona uchafu, piga picha na utume ili niweze kuchukua hatua. Asanteni sana.
